Bennett Case Goes To Jury This Afternoon

The case of the State vs. W. J. Bennett, charged with killing O. E. "Red" Osborne, will go to the jury this evening shortly after 5 o'clock. It was agreed late this afternoon, when County Attorney J. F. Ross began his final arguments shortly after 3:30.

This morning the defense rested its case without putting on other witnesses as was expected yesterday, closing with the visit of the jury to the scene of the shooting yesterday. When the defense rested the state put on only one witness in rebuttal, in the person of Charley Hoy, Chinese restaurant keeper, who testified that Osborne and Mrs. Hoover had eaten dinner at his place the day of the shooting and he had not noticed anything unusual about them.

At 11:00 o'clock County Attorney Ross made his opening argument to the jury, talking until noon. At 1:30 W. G. Gilmore, attorney for the defense, began his arguments, consuming the better part of two hours in his resume of the defense side of the case. At 3:30 County Attorney Ross began closing arguments with all indications that he will finish by 5 o'clock when instructions will be given by Judge Sames and the case will go to the jury not later than 5:30.

U. S. SOLDIER HELD ON MURDER CHARGE

NOGALES, Ariz., May 12.—Private William U. Dykes of the 25th Infantry, at a preliminary hearing today, was ordered held on a charge of murder for the killing in Camp Stephen D. Little of Corporal Joseph L. Anderson, a few weeks ago. County Attorney DeReimer, testifying for the defendant, said that the latter had obtained a warrant before the shooting for the arrest of Mrs. Dykes, accusing her of undue intimacy with Corporal Anderson. The warrant had not been served. Dykes, according to the shooting declared that he shot and killed Anderson because the latter had been familiar with Mrs. Dykes.

TUCSON MAN IS MURDERED

TUCSON, Ariz., May 12.—Jean M. Reap, 63, shot and killed John Halter, 25, foreman of a local shoe repair shop conducted by Reap's wife, at 8:30 tonight. The shooting occurred on the main street in full view of passing theatre crowds. Halter died instantly. Reap was arrested and placed in the city jail immediately following the shooting, offering no resistance to the arresting officers and making the statement:

"I am glad I did it; any man in my position would have done the same thing."

Mrs. Jean M. Reap, the woman in the case, has conducted a shoe repair shop for several years in Tucson.

"He has threatened me both in person and by letter during the past two years. He was after me, not John, tonight. John was as innocent as a baby," said Mrs. Reap, following the shooting. Divorce proceedings are pending between the couple in the superior court here.

The report received yesterday concerns the death of a man named John Williams or John Wheeler, who is said to have been incarcerated in a Venezuela political prison about 1912 or 1914, and to have died there three days later.

CAMERON CASE CONTINUED; TO RESUME TODAY

PHOENIX, May 12.—Hearing on the general demurrer of United States Senator Ralph H. Cameron, of Arizona, to an indictment accusing him of perjury, was continued today by Federal Judge Van Fleet until tomorrow morning. The indictment grows out of alleged omission of campaign receipts of \$25,000, contributions he received, from a sworn statement of the 1920 election.

The court halted arguments on the demurrer this morning to inform the counsel for both sides that the materiality of facts contained in the indictment was the only point to be determined.

Contributions Are Issue.

Whether campaign contributions constitute "material matter" in an oath is the only point of issue, said the judge, who ordered the adjournment to permit the lawyers meanwhile to consult authorities on this point.

The defense takes the position that campaign contributions is not "material matter" in an oath, for the reason that there is not now any law regulating the amount of campaign contributions.

Ruling to Come Soon.

"A candidate may receive ten million dollars without violating any law," argued H. L. Partridge, of Globe, of counsel for the senator.

"Laws seek to regulate campaign expenditures only. Therefore, the amount of contributions is no material matter."

Judge Van Fleet indicated he would rule on the demurrer as soon as he had thoroughly studied the arguments so that in the event the demurrer is overruled the trial of the action may begin at once. Arguments on the demurrer are expected to be concluded tomorrow morning.

BETTER DO YOUR TRADING AT HOME IS GOOD ADVICE

"Trade at Home—Buy Arizona Products Week" to be observed here and throughout the state May 22nd to 27th will not be an attempt to increase the sales of local merchants, but a campaign to show the people of this city that they can trade at home as profitably as elsewhere, and by so doing help themselves.

This was reiterated yesterday in statements by those in charge of the movement here. These reasons were given:

Lower prices sometimes may be obtained from mail order houses, but you cannot obtain from such houses the quality and individual selection which your home merchants offer. Considering these points, home values are best.

People who leave the state for visits to coast or eastern cities sometimes may find outside a greater variety to choose from than they have at home. But the prices will be no better and in the long run they can get no better service and values than the home merchant would give.

While many manufactured articles are not made in Arizona, those which are will be found equal to any in quality and price. Practically all food products used in the home may be obtained in Arizona, however, and a trial will prove these equal and in some cases superior to the imported products.

TWO MASKED MEN ROB TRAIN NEAR CLIFTON

PHOENIX, Ariz., May 12.—Two masked bandits shortly before midnight tonight held up a combination train on the Arizona and New Mexico railroad about 15 miles from Clifton, Ariz., and escaped with four pouches of mail and a few packages taken from the mail car, according to a telephone message received here. The passengers were not molested.

The robbery took place at 11:00 o'clock tonight. The train, which was two hours late, was delayed an additional half hour by the bandits.

The passengers were V. A. Thompson, former city manager of Phoenix; Judge F. B. Lane, of Clifton; and a Mexican woman.

Value of the contents of the stolen pouches could not be ascertained tonight.

The robbers stopped the train by piling ties on the track. The robbers fled after directing the engineer not to move the train for 20 minutes. He complied with the order.

The train consisted of a passenger car, a combination mail and baggage car, and four or five freight cars. There were only three passengers aboard the train, which was bound from Lordsburg, N. M., to Clifton.

Dry Officers Make Raids On Local Resorts

Blyth, Prohibition Agents Cosby and Belting and Constable Porter McDonald yesterday raided several bootleg resorts in Tombstone with the result that several arrests were made. Jim Moy, at the Sun Wo Sing grocery was arrested for having in his possession a gallon jug of mescal. He had attempted to hide the liquor but was discovered.

A Mexican named Arturo Machichi was arrested as an accessory when it is claimed, he made an attempt to advise Moy of the arrival of the officers to make a raid. Both Moy and Machichi were placed under \$500 bond by U. S. Commissioner Fowler, before whom a hearing was held late yesterday afternoon.

The place of Mrs. Troglia, on 3rd street was also raided yesterday, but nothing but empty bottles was found by the officers.

REPORT FOREST FIRE IN HUACHUCAS DECLARED UNFOUNDED

TUCSON, May 12.—Reports of a forest fire in the Huachucas proved to be unfounded yesterday afternoon when the lookout station of the forest service on Mount Baldy, in the Santa Rita, reported that the fire was apparently only from a small building or burning rubbish. The same station had reported earlier in the day that a pillar of smoke, thought to be from a forest fire, was apparent in the San Rafael grant district.

The Baldy lookout station reported yesterday that a forest fire had been observed apparently about 30 miles south of Nogales. Although the fire appears to be of fairly large proportions, it will not offer any problem to United States forests, since the distance between it and the border is too great and the region too sparsely timbered.

Arrangements also have been made to have a public booth installed by the telephone company with an operator on duty both day and night to take care of local and long-distance.

The armory has been arranged to seat the delegates alphabetically, with the chairman of each delegation sitting next to the aisle. A banner, 8 x 24 inches, with the name of the county printed on both sides, will be placed by the chairman of each delegation.

The delegates will be roped off from the public by suitable ropes with two entrances; also the press and the rostrum will be roped off.
